Jl. Cipinang Elok II No.4 Blok AV1, Cipinang Muara, Kecamatan Jatinegara, Kota Jakarta Timur, Daerah Khusus Ibukota Jakarta 13420

As an Information Technology student at President University, I am passionate about utilizing technology to create seamless, user-friendly websites and applications. I have a solid foundation in front-end and back-end development, with experience in HTML, CSS, JavaScript, and popular frameworks such as React, Laravel and Node.js. My strong problem-solving abilities have helped me design and implement responsive, scalable solutions. My ability to communicate effectively and collaborate in teams has been demonstrated through public-facing roles and cross-departmental projects. I am eager to apply my skills, support decision-making processes, and contribute to organizational success.

Education Level

Universitas Presiden - Cikarang   Sep 2021 -

Bachelor of Information Technology, 3.51/4.00
